THE MAIN FACTORS (M-FACTORS)/ KEY POINTS IN

DELHI ASSEMBLY ELECTIONS – 2025

1. Inflation
2. Arrest of Sri. Arvind Kejriwal and others ministers in Delhi government (AAP Govt).
3. Welfare schemes announced by all the parties (BJP, AAP and INC).
4. Mohalla clinics and infrastructure for educational institutions.
5. Free bus service for women and free power for households.
6. Pollution effect in Delhi.
7. BJP failed to announce (or) project a person as Chief Minister for Delhi.
8. Damaged street roads and drainage problems.
9. Caste/Religion wise division of voters among parties.
10. Division of women voters is clearly visible in Assembly elections 2025 in Delhi. It will damage AAP up to certain extent only.
11. If INC will secure more than 9.5% of vote share it will damage AAP and if INC will secure/limited less than 9% of vote share than AAP will form the government.
12. The final result of AAP and BJP will depend on the political and poll management by both the parties.
13. Split noticed in slum area voting in between BJP and AAP.
14. Sri. Aravind Kejriwal, Smt. Atishi and Sri. Manish sisodia belongs to APP are facing keen contest in their respective assembly constituency.
15. Middle class voting will decide the final result of Delhi assembly elections.
